Appl. No. 10/708,245 Amdt. dated July 19, 2007 Reply to Office action of May 02, 2007

Amendments to the Specification:

Please replace paragraph [0008] with the following amended paragraph:

A byproduct of this design, though, is the presence of a space 17 between the main body 11 and the housing cover 12 when adjusting the shape and size of the pointing device 10. The size of this space 17 correlates with how far the housing cover 12 has been pulled along the track 19. This space 17, however, has many detracts detractions from the pointing device 10.
